

Belle Glade Has Money Troubles As Other Cities

Your Mayor Counsels With You On Your Problems Concerning City Finances

(By Hon. Junius Harris)
This letter is addressed to you in the belief that you, like those of us who elected you as your city commissioners, have a vital interest in the growth and development of Belle Glade. You have asked us to give you adequate police protection, fire protection, good streets, sidewalks, parks and recreation facilities, street lighting, good water, drainage, freedom from pests, stork, manure and good administration. We are making every effort to do these things.

Through the excellent cooperation of the county we have opened our own rock pit and we are building a number of streets at a very low cost. We have been fortunate in obtaining very low contract prices on surfacing and have been surfacing a number of streets.

We have rejuvenated Paradise Park and have built public toilets, a shelter building and store room there and a shuffle board court. We have installed additional lighting and playground equipment. We have made extensive repairs to the city water system. We have added two-way radio to our fire and police systems and purchased adequate road building equipment.

We have remodeled the old water plant building into a prison store, equipped the City Hall with a public address system and have reopened the city garage for doing maintenance work on all city owned equipment.

At the present time we are building permanent concrete benches and sidewalks throughout the park and public areas of the city. We are also engaged in installing additional street lighting and equipment for building and rebuilding a number of streets, one of which is the reconstruction of the bridge to the railroad tracks to take (Continued on Page Three)

Bob Dadson Injured In Wreck Of A New Mercury Car

Two days ago, Bob Dadson, well known duster, purchased himself a new Mercury car, which he put into road use at about 10 o'clock on Wednesday morning, when he lost control on the bumpy road, and crashed into the pine trees along the canal bank.

How a man ever come out of a wrecked car alive as did Dadson is almost unbelievable. He was taken to the hospital and given attention by Dr. Ralph Pipes, who found him unconscious and lacerated on the face, with a broken nose, and other bodily injuries.

Deputy Constable Raymond Mock was the law officer reporting at the scene of action, and directed road work, and the removal of Dadson to the hospital.

New Fire Inspector Named by Chief Bender

Chief Guy Bender, of the Everglades Fire Control District, in order to have an official inspector in the eastmost fire section, named James H. Landers, of West Palm Beach, to be the fire inspector. Landers will have charge of fires and conservation work in that district.

Car Robber Picked Up By Local Police

J. C. Cook, in charge of the FBI, in connection with the car, looked over in the terminal station, reported to the City Police Saturday morning. The unknown parties had broken into and ransacked one of the cars and pilfered clothing and other property valued at \$150. Gladly Cooper was picked up by the police as the man who had done the breaking and pilfering.

Belle Glade Youth To Be Trained For Stage, Radio Career

Mr. and Mrs. M. Michael, of Belle Glade, have in their son, Bert, a rather unusual and intelligent son, who for the past two years has shown outstanding ability for work in vaudeville, radio and television.

His numbers in the recent Lions benefit show gave Belle Glade people an opportunity to witness his versatility. This talent comes naturally by him, as his mother, was for many years a prominent artist on the stage, and her husband before her.

As soon as the present school year is over, Mrs. Michael will accompany her 12 year old son to New York where he will be placed under the tutelage of such prominent artists as Leon Lioffort, of Radio City, Ray Bolger and Arthur Godfrey, noted men of radio, stage and television. During the summer, these men, will book Bert for appearances in entertainment spots in the northern cities. Bert's many friends in Belle Glade wish the success in his chosen line of avocation.

South Florida To Likely Form Its Own City League

After the recent session of the Florida League of Municipalities at Jacksonville, which did not prove to be such a success, south Florida representatives speedily got busy to protect their interest, as against the northern cities.

The Palm Beach County Municipal League, formed a year ago, was called into an important session on Thursday night, at West Palm Beach, with representatives from Jupiter, Belle Glade, Pahokee, South Bay and municipalities down to Baco.

This gathering went on record as being "against" some of the Jacksonville legislation, and a move was made to form a South Florida League, to look after that regions municipal interests. The move was predicated on the fact that south Florida problems are entirely different than those of the north, and that the state and federal more effective protection, the two sections should be divorced, and each work for their own interest.

The move met with instant favor and same was referred to special committees to formulate such an organization. Several of the big gulf coast cities are expected to join in the revolt and join up with the new south Florida League.

Glades Drug Store Dresses up Some New Store Fixtures

The management of the Glades Drug Store are feeling about the new store, which is installed at the soda and lunch bar, in the way of a backbar farm requirements and food. It is pretty and attractive in the light wood colors used.

The former cooking equipment has been removed to a rear room kitchen, where all food will now be prepared and served.

Farm Visitors From North States Visit Townsend Test Gardens

A group of northern agriculturists touring Florida on last Thursday, paid an inspection visit to the Townsend test gardens on Tabit road, and there looked over the work of the local agronomist, who does commercial test work with seed plants, and tests with fertilizers and fungicides, for a number of the local seed and chemical corporations.

Dr. Townsend surely had something fine to show the group, who passed many comments upon what they saw and learned. The visitors showed the greatest of interest, and learned much concerning the test work, and a great deal of other information of value.

The products are needed for Glades farm and garden, and other locations in the state.

The farmer visitors were much impressed with our black muck land, and the methods of farming around the lake and the extensiveness of the operations.

Vegetable Prices Continue To Interest Growers

Local Grown Lettuce Tips The \$8 Mark, Bean Harvesting Starts Picking Plants

Farm activities in the Glades area took on a new tempo the past week, as the vegetable harvest began in earnest. It looked mighty good to again see the labor trucks and buses hauling the dusky labor crews to and from the fields.

Favorable growing weather continued, except no rain. Market men were pleased that demand for our goods kept up, and that better prices were being secured for produce.

The bean market however started off a bit weak, but advanced somewhat during the week with better prices. Bill Graber, the radish farmer, states that demand for his produce was rushing at much better prices than that he has been shipping out a daily average of 5,000 baskets of radishes, and other root crops, the past two weeks. Bill is making money while the sun is shining, but bemoans the fact that he has not been so busy that he had to leave time to keep up his fishing schedule.

Lytle Graves, who represents the Stanley corporation, has returned from the West.

(Continued on Page 4)

Merchants Will Sponsor And Trade at Home Week

The Merchant's Division of the Chamber of Commerce met on last Friday night, with Herman Close, president, presiding. The division decided that it will stress the Home Week, the last week in March, the place of holding to be later decided.

The purpose of this school is to present to house wives the proper buying, protecting and use of foods for table purposes. It will stress the Home Week, and especially in the public eating places, and health requirements for food handlers. This school will be staged by a national food organization.

The Division will also stage another Trade Home Week, during the week of March 20-26th, in which local merchant houses will participate. The Division also has another Fashion Show, with Mrs. Virginia Lively as chairman of the presentation committee.

Local Elks Will Not Enter Contest For Ritual Honors

Owing to the fact that James L. Gay is a patient in the St. Mary's hospital, with a severe case of eye infection, and unable to take part, Belle Glade Elks have decided not to enter the District Ritualistic contest in Ft. Lauderdale on next Sunday. However, most of the staff will attend the event for pointers for next year's contest.

Announcement was made that Vice-President Frank O'Connell, of the Florida Elks Association, would make an official visitation to Belle Glade lodge, next Monday night, March 7th, at which time there will be initiation and an extra good feed. Visitors from other lodges of the district are expected present on this occasion.

Ted Poe also called attention to the dance to be held in the lodge hall on next Saturday night, March 5th, with a good orchestra in attendance. He also announced a barbecue party for the membership, ladies and invited guests on the evening of March 12th.

Chairman Henry Earwood of the Community Council, on next Sunday, for a day, and will not be eligible to enter the purely local contest.

Carl Hayes went out with his fishing apparatus, Friday, and after thrashing the waters with his plugs, hooked onto a good sized bass, which weighed six pounds and four ounces.

Lake waters have been a bit better than they have been for the best of bass fishing. Fishing was reported a bit improved, but the fish caught have been smaller than usual.

Glades People Get Rebates on Tax Accounts

The Internal Revenue Department at Washington, in checking income taxes, found that quite a group of Florida people, had paid in excess amounts and were entitled to rebates, and Palm Beach had quite a number of them. Accounts. Persons in the Glades effected were given rebates as follows: (The department states that the amount allowed may cover one or more years.) J. H. Chamblee, Belle Glade, \$28,122.47; Frances A. Huffy, West Palm Beach, \$34,235.84; Rabin Co. Inc., Belle Glade, \$17,615.96; Ruth S. Stein, Chosen, \$12,628.69; L. L. Stuckey, Pahokee, \$7,678.97.

Vegetable League Banquets at Club, March 8th

The March business meeting and supper of the National Wholesale League of Fresh Fruit and Vegetable Distributors is scheduled to be held at the Gala Club in South Bay, next Tuesday night, March 8th, at 8 o'clock. President McCabe will preside. The banquet will be presented by several members to be present to hear.

Car Broken Into And Large Sum of Money Pilfered

On last Thursday night, Phil Mills, manager of the Gold Club, came into the city and parked his locked car in front of the Hugo theater, while he went to attend the theater.

When he returned he found that some one had used an instrument to cut the glass out of a window so that the lock could be turned. He also found that a box in which he had his weekly money collection, amounting to over \$800.00, had been stolen.

Mills at once notified the police of the theft, and city government law officers at once began an investigation, but to date no arrests have been made. The job was a neat one, and apparently pulled by someone who had knowledge that Mills was in possession of the funds.

Seventh Day Adventists To Hold a Revival

Rev. J. A. Crews, in behalf of the Seventh Day Adventist Church, is asking the City Commission for a permit to erect a gospel tent on the Bill Pierce property, where the skating rink was for a period of 10 weeks, for the purpose of holding continued revival services. The permit was granted, providing no part of the outfit be used for living quarters, and that closing hours of services be no later than 10:30 o'clock.

LANDOWNERS OF SOUTH FLORIDA DISTRICT TO MEET HERE TUESDAY

Manager Billy Jeffries of the South Florida Association District is calling attention to the meeting of landowners of the District, scheduled for Tuesday morning, March 8th, at 10:00 o'clock.

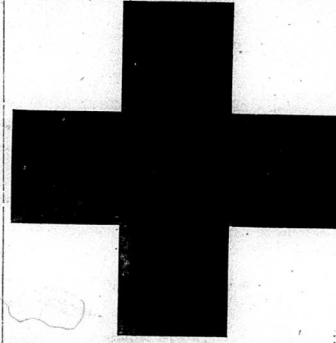

All owners are urged to be present, for matters of interest to all will be discussed.

Carl Hayes Wins Fishing Contest For February

To better protect Glades fishermen, Parrish and Davis announced a change in rules in their monthly fishing contest, which has been in progress several months. The new rule requires monthly registration for all persons who may desire to contest for the prizes given for the largest bass weighed in at their place of business or at the lake. This means that visiting fishermen, who come in from out of town places, for a day, and will not be eligible to enter the purely local contest.

Carl Hayes went out with his fishing apparatus, Friday, and after thrashing the waters with his plugs, hooked onto a good sized bass, which weighed six pounds and four ounces.

Eight Kirchner brothers occupied the chairs of Elks officers when the second anniversary of the Lodge here was celebrated recently. Other officers with the brothers are: back row left to right, Robert Muller, Robert Creech, J. L. Gay, L. C. Betzner, Jas. Baldwin, Fred

Mrs. Rapley Weeks Heads Red Cross Drive For Lower Glades Region

Emphasizing "A Dollar Membership For Everyone", Mrs. Rapley Weeks has about completed the organization of several scores of women, and business men to put over the Annual Red Cross Drive for the Belle Glade-South Bay-Lake Harbor area of Palm Beach County, commencing with the National and County Drive.

Taking seriously the conditions prevailing in the Glades for the past two years, the County Chapter has set a quota for this area of \$2500, with the idea that this quota will be solicited in short order.

Mrs. Melvin Wilder of Lake Harbor will act as Chairman of her Community Committee, composed of Mrs. Billie Campbell, and Mrs. C. A. (Mutt) Thomas.

Eugene E. Hardy of South Bay will head the Committee of the Negroes of the area. Assistants will be announced for this committee later.

Earwood Continues Head Of Chamber Commerce Board

The directors of the Belle Glade Chamber of Commerce held its annual meeting, Tuesday night, and reorganized by re-election Henry O. Earwood, as president for a second year; E. Holger, commercial agent for the Florida East Coast Lines, was made vice-chairman, and chairman of the new Industrial Committee, the members of which will name later. William DeLoach was continued as secretary for another year.

Membership fees are not coming in at a rate that permit active work of the Chamber, only 106 paid up memberships, only being enrolled and the constitution drive for membership was started this week to secure new and renew memberships.

A new cattle disease has swept the Glades ranches, which seems to be the time to be baffling veterinarians, who have been called into the picture.

The loss of Lake Harbor have had a number of cattle to die, including a valued registered Brahman bull.

BIRTH ANNOUNCEMENT

Mr. and Mrs. Clyde Doolittle announce the birth of a son at Good Samaritan Hospital on March 1st.

Eight Kirchner brothers occupied the chairs of Elks officers when the second anniversary of the Lodge here was celebrated recently. Other officers with the brothers are: back row left to right, Robert Muller, Robert Creech, J. L. Gay, L. C. Betzner, Jas. Baldwin, Fred

Education, Flood Control Experiment Station Work And Government Threatened

Golden Rams Knocked Out Of Tournament By Fast Miami Tech

Our Golden Rams went to Ft. Lauderdale, last Thursday night, to play in the Gulf Stream basketball tournament, and were pitted against the fast moving and strong team from Miami Tech. The Miami team took the lead early in the contest and was never headed by our muck land team, the final score being 37 to 38. It was a well played and interesting game, and spectators got their money value out of the contest.

Serious Lack of Funds And Probable Source Reaches Panic Stage

Commissioners, committees, delegations and meetings, official and unofficial, blessed by gubernatorial appointment or fostered by the forces of the several administrative departments of your state government in recent weeks have universally discredited "The Chief" who sits in the Governor's chair in Tallahassee.

Appropriations for running the common schools of Florida are set up; they're made, but "where at is the money?", is the refrain from those in the know. The budget for other state departments, commissions, etc., have been seriously cut, so far, in fact, that serious curtailment of operations are absolutely necessary.

Your University, in Tallahassee and in Gainesville, now in most serious disrepair and crowded, with efficient instructors quitting daily on account of budget limitations and dormitory overcrowding, such falling down, is besieged by applicants who can't be admitted.

Home for the feeble minded, the state hospital, such as state as Florida must further curtail housing and food to these unfortunate.

Florida's part (15 percent) of the monies needed to install the first phase of the overall flood control program—\$3,150,000.00 for the next two years—is not even in the budget, though there seems to be state-wide sentiment in the legislature for it. If it's put in where will the money come from?

Experiment Stations have been cut one-third, which will certainly see a migration of scientists from Florida who are now busy with Florida's agriculture.

These are not imaginations; talk with any member of the legislature, or any department head in Florida.

We're supposed to have leadership from Tallahassee to unmix this chaotic condition; we're supposed to have it expertly camouflaged. Whether it's to be blamed on the legislature, or not, that is where we must look for our solution, that's what we elect them for.

If you're interested in any of these problems, get in contact with school children, college students, inmates of the asylum, interested in your state and national education, mentations, of flood control, then talk to your member of the House or Senate.

We subscribe to the address change to the Big Cypress or Ballground, Ga., for them, if they don't get busy.

Rebekahs Attend Meeting In West Palm Beach

A delegation of members of Belle Glade Elks Lodge No. 100F, attended a meeting of Guardiania Rebekah lodge in West Palm Beach, Monday night. Those attending were Mr. and Mrs. Paul Davidson, Mrs. J. H. McTaggart, Mrs. Eph Morris, Mrs. Omer Nelms, Miss John M. Gledhill, Miss Alice Diggs and Kathleen Rogers.

OBSERVATION and Comment By John M. Gledhill

Citizens and merchants along Avenue A complained that there was too much loose trash and papers blowing around on windy days. To correct this the Street department has provided a half dozen additional trash receptacles, which people are requested and urged to use.

When Pete Demoya's crew finished installing all the lights under a schedule provided by the City Commission, it was found that the lights still showed dark spots about the city. As a result the company has been directed to place seven additional lights at designated points.

Since the city dump grounds been pumped free of water, and otherwise cleaned up, residents thereabout, state that they are no longer bothered there. Continued on page 5.

Faces of Disaster

Local Rebekahs Plan Attending Rebekah Assembly in April

Belle Rebekah Lodge, No. 1007, had an excellent meeting on Tuesday night, with Miss Sara Diggs in charge of the special program. At the meeting on March 15th, the lodge will observe the birthday of Schuyler Colfax, founder of the Rebekah order, and a potluck dinner will precede the lodge session.

Lodge members are planning attending some of the meetings and functions of the State Rebekah Assembly, which meets in West Palm Beach on April 17-18. The Grand Encampment, Grand Lodge and Parlor of the Rebekahs will hold their annual session in that city the same week.

Building Projects Down in Belle Glade

The first two months of 1949 show that there has been very little progress made in building projects in Belle Glade, as large building permits have been few and far between. Inspector Willis however, is sanguine that this is only a temporary situation.

Lions Club Endorsed Plan for Placing Tax on Cigarettes

The weekly luncheon meet of the Lions club was honored by the presence of Mayor Julius Harbison, Commissioner Harold Rabin and Frank Dooley, and could have been named Municipal Day.

The Mayor brought a message which set out the actions of the present city commission, the requirement of added revenues to keep up activities in the way of public improvement.

He gave an outline of the proposed passage of an ordinance that would place a tax of cigarettes, as a means of raising an estimated \$30,000.00 a year.

After extensive discussion, the Lions unanimously endorsed the plan, and the meeting closed with a collection of such a tax, which would raise cigarettes two cents, or to 24 cents, a pack.

The club is now in contact with the clubs of Lake Worth, Lantana, Pahokee and Clewiston, on a schedule of points, which will meet June 30th.

Hold Smith To Help Open House

Mr. and Mrs. Harry Smith will hold open house to their friends in their new home in the Rawls Subdivision on Saturday night.

Chemist Specialist Seeking Sources of Vegetable Waste

Dr. G. E. Hilbert, chief of the Bureau of Agriculture and Industrial Chemistry of the U. S. Department of Agriculture, spent several hours at Belle Glade, Monday, looking over the facilities of the experiment station, and local farming operations.

Dr. Hilbert was primarily interested in the availability of vegetable wastes for processing, one of the important functions of the Bureau. He was accompanied by his wife and by Lantana Grow, manager of the Florida Fruit and Vegetable Association.

Pahokee Sponsors New Lions Club At Canal Point

A new link was forged to be added to the Lion club chain in the Glades, Monday night, when organization of a new club at Canal Point, was announced by Organizer Scottie Currier and District Governor Charles Hicks, with a charter membership of 32. The new club will have its charter presentation night on March 28th, Roosevelt Harrington, transferring from the Pahokee club, will be the first president and Postmaster Oceola Upgrove, the secretary.

The Pahokee club is the sponsor of the new club, as it was the Belle Glade and Clewiston clubs.

Nazareen Church Revival Meetings

Pastor Nelson, of the Nazareen church, minister, announced that a series of revival services will be open at the Girl's Scout hall, Sunday night, March 6th, at 7:30 o'clock, continuing each evening of the week. The evangelist will be W. M. Harrington, of Gainesville, a speaker, well worth hearing. The services are all open to the public.

Fish Trapping Open To Kissimmee Valley

As a result of an open meeting at Kissimmee with men desiring to do commercial fishing, the State Game Commission, has issued a proclamation which will give trap fishing on the five lakes East and West of Topeleiga, Hawthorne, Cypress

WE'RE HERE TO SAVE YOUR WORK ... help you make MORE MONEY

Sure, we like to sell tractors and implements, but we try to take a bigger view of our job than that. Our first aim is to help the farmer make more money. His success means ours. So, we make a study of farming, just as the farmer does.

Maybe we have some good ideas that might work well on your farm ... to save work and make your work pay better. In any case, we want to know you, and your farm better. We are visiting the farms around here and hope to get to yours soon.

Meanwhile, if we can serve you in any way, call up, and we'll come right out. And drop in whenever you are near us. You'll find this is a good place to exchange ideas on the subjects that you and we are most interested in ... more profitable farming.

GUARANTEED TO OUTPERFORM any other outboard in its horsepower class **OR MONEY BACK!**

THE NEW 1949 6-H.P. **WIZARD SUPER TWIN**

- * 360° (FULL REVERSE) STEERING
- * NEW "ROOST-BEAMING" STATER
- * 22,000-VOLT WATERPROOF MAGNETO
- * AUTOMATIC VALVE SYNCHRONIZATION
- * WEEBEE-TO PROPEL 1000 LBS.
- * NON-CLOG ROTEX WATER PUMP
- * AUTOMATIC-TYPE CARBURATOR

The perfect fishing outboard ... gets you there fast (up to 25 mph.) ... yet trolls at a creep!

Ask about our **WIZARD** line of outboards. **Not \$225. Not \$195. But Only \$169.50**

ALL IN THE
DAY'S WORK

Broad knowledge of financial matters equips the
Certified Public Accountant to play a useful part in
the affairs of the community, national or local.

CPA's have suggested tax reforms to Congress
and helped to carry them out. They have assisted
Congress in reducing the Federal budget. They have
helped many government agencies in forming and
administering accounting regulations.

CPA's have served as Mayors and City Treasurers,
chairmen of Boards of Education, heads of
Community Chests.

The Certified Public Accountant's professional
experience and skills enable him to contribute to
community betterment everywhere.

As "financial physicians," CPA's do much more
than earn their fee. They render a public service by
establishing understanding of business operations—
both for public officials, and for taxpayers. Financial
health improves. Economy, efficiency and public
confidence increase.

Florida Institute of Accountants

The Organisation of

Certified Public Accountants

This is the ninth in a series of institutional messages to the
public.

OBSERVATIONS
Continued From Page One
with flies and other night bugs,
and state that there is less odor
coming from the dump

Our city and business firms
are going to miss the smiling
face of Milton Campbell at the
bank and in civic groups, as
will be Mrs. Campbell, in her
circle of church and social ac-
tivities. Fine people whom the
community can hardly spare.

Our Belle Glade Elk Golfers
have been running up in both
the Ft. Lauderdale and Belle
Glade district tournaments, and
they are hoping at the Fort
Pierce tournament on March
13th, that they may cop top
honors. Here's hoping.

Lions Ladies nights are al-
ways enjoyable and successful,
and the most recent one was not
an exception. That active bunch
do things right.

Big League baseball teams are
invading Florida cities for their
spring practice periods. The only
one on the east coast is the
Philadelphia Athletics who train
at Wight field in West Palm
Beach. Glades fans usually
see many of the exhibition
games.

Shipment records of rail
movements the past week,
brought the total up to 2783
cars. Hopes are that the present
crop harvest will bring move-
ment up to at least 5000 cars
for the season. Cabbage seems
to be the only commodity which
has not reached a satisfactory
market price. The radish and
escarole growers have had a
favorable market price and de-

mand is pressing hard the sup-
ply to keep up with orders.

The temporary pastoral re-
laxation existing for some month
past between the Rev. Herman
Dam and the Everglades Pres-
byterian church, under contract
agreement, has been termi-
nated by session action. While ac-
tually the supply pastor, Rev.
Dam proved himself a very ver-
satile fellow, a fine preacher,
excellent in administration and
social work of the church, and
his and his good wife, made
many lasting friends here, who
regret the severance of the
church connection. The local
congregation is expectant of the
Presbytery to assign it a regu-
lar pastor in the very near fu-
ture.

Several citizens appeared in
the city commission session,
and took some cracks at the
board. Mayor Harris took the
occasion to quote a bit of civil
government, as to how the city
government was formed and
held the latter part of February,
but in salubrious and sunny
Florida? Will admit the tem-
perature was a bit chilly
before the Lion's feast and
program was over.

Monty Gray who does the in-
vestigation and speling for the
Florida Vegetable Committee, is
a pretty convincing speaker
of topics in his line. He told
our farmers, some of the prob-
lems in pending legislation at
Washington, which are of vital
importance, and which they
must face, and fight against such
as they do not favor. State-
ments can be made but facts
of supporting nature must be
presented to Congressmen if
they are to have any weight
and benefit. If farmers are
going to dig themselves out of
pending obnoxious and damag-
ing legislatures, they will need
to do a lot of work themselves,
and not just sit by complacently
and "let George do it", and
later wake up to the situation,
an howl about pressing condi-
tions.

Hugh J. Bratley, secretary of
the Everglades Federal Savings
and Loan Association, was kind
enough to show the writer, the
new plans for the Association's
proposed business block to be
erected on W. 5th Avenue B. They
provide for a structure which
will be grand and commodious,
and a pride alike to the owners
and the city. Besides the bank-
ing facilities, there will be two
rental spaces, for office or store.
One feature provides for a safety
vault for the safety deposit
boxes which will be a new de-
parture for the company's busi-
ness. As soon as the specifica-
tions are available the Federal
will ask for bids for the con-
struction of its new home. In-
terior fixtures have already
been contracted for by the
bank.

The State of Florida has al-
ways been mighty proud of its
Lake Okeechobee, and what its
means to it. The proposed con-
trol lake for the excess
waters, when and if built, ac-
cording to engineering figures,
would be twice the size of Lake
Okeechobee. With two large
lakes our area would sure pos-
sess a great acreage of water
coverage.

Many years ago when the
Methodist church was celebra-
ting its one hundredth anniver-
sary, the Church, staged what
was known as its centenary
drive, with activities centered
in Columbus, Ohio. I recall that
among the male members of
the church was what was desig-
nated "Minute Men Brigade", in-
which I had an honored re-
lation. These men were called
upon for special services in the
way of visiting and conducting
meetings in the area. Now, I
note, that in the present pro-
gram "The Advance for Christ
and His Church" will have a
similar group termed "The
Crusaders", with a designating
badge of membership. Some-
where in my trunk and em-
blem collection I have that
"Minute Man" button, and if
the present Crusaders wear their
emblem with as much pride
as I did my badge of years ago,
things will be accomplished.

Baseball stars do gather in
the coin for their abilities. Ten
players, Sam, Mize, Henrich,
Musial, Newhouse, Feller, Wil-
liams and Joe DiMaggio will
pull down a gross of \$457,000
for the 1949 season.

Enjoyed a trip to St. Cloud
recently as I traveled over the
Soldier city was surprised to
find around 50 new homes un-
der process of construction,
some of them mighty neat and
attractive affairs.

Here is something that ci-
zens can ponder over, and
which Hugh J. Bratley is most
proud, and that is the fact, that
in the 15 years of operation,
The Everglades Federal Savings

and the Delray sections of the
county, he found that there were
only a few names instead of the
thousand or more customarily
placed in the jury wheel. Seems
that Commissioners Harden and
Byrd had not presented such
lists to the clerk or jury com-
mission. Might have been that
the officials deemed they were
not their constituents a favor
by not so doing, thus saving
them long travel trips and ser-
vice on the juries.

Homer Sewell, factotum over
at the Royal Emporium, and
who is known as "Sophia" in
Lions circles, each Tuesday has
a half holiday, and does he
spend it. Yes, sir, every time
when fitting either weather
prevails, he's off fishing. Some-
times luck and again just "fish-
erman's luck", is the record, but
heck, think of the fun the
old boy has enjoyed.

Where else in the United
States could a lawn party be
held the latter part of February,
but in salubrious and sunny
Florida? Will admit the tem-
perature was a bit chilly
before the Lion's feast and
program was over.

Here is something that ci-
zens can ponder over, and
which Hugh J. Bratley is most
proud, and that is the fact, that
in the 15 years of operation,
The Everglades Federal Savings

and Loan Association has nev-
er foreclosed on a mortgage por-
tfolio. This fact is a strong sup-
port to the claim that his Asso-
ciation is here primarily to aid
people to secure their own
homes.

Wish those flying planes did
not get into operation so early
in the morning, just when most
people are getting their sleep.
Sure disturbing.

Make Progress Now

There's no time like the present
to plan a real future for
yourself. Especially in a career
that offers you a chance for
more education. That's why you
owe it to your future to take
full advantage of opportunities
now being offered in the new
U. S. Army and U. S. Air Force.
Yes, and the man who acts now
is the man who will find him-
self in a position to make pro-
gress, professionally and per-
sonally. You will learn from ex-
perts who are interested in giving
you their best efforts. For
your own progress, investigate
these excellent opportunities
now. Yes, you can make pro-
gress in the new Army or Air
Force. Discuss this today with
your U. S. Army and U. S. Air
Force Recruiter. He's at 329
Eras Street, West Palm Beach.
Recruiting Sergeant's name: T.
Sgt. Lawrence J. Genova.

Arrangements have now been made
for servicing mechanical merchandise
in the Belle Glade area, sold by Sears.

Beach.

The
New '49 PONTIAC

North...South...East...West
America likes Pontiac best!

In their own words below, the
automotive editors of America's
leading newspapers graphically
record the nation-wide triumph
which the 1949 Pontiac scored
on its introduction a few weeks
ago. Read what they say. Then
come in and see the great new
car that has created the greatest
public enthusiasm in Pontiac
history.

San Francisco "Pontiac's 'Jury niners'
that quickly into popular favor on their

initial showing here show their 'new
look' and astonishing low price tag
winning immediate approval. It
rightly so from record crowds because
of these two features to say nothing of
their mechanical advancement and im-
proved riding qualities."

EDITOR, SAN FRANCISCO CHRONICLE

NEW YORK "Beauty of appearance
combined with advanced utility and
styling of Pontiac models drew much
attention from big crowds at dealers'
showrooms in New York power plant."

EDITOR, NEW YORK TIMES

Detroit "Public reception of new
Pontiac was up to the highest expec-
tations of company's officials who
look like another good year for the
division judging by customers' en-
thusiasm."

EDITOR, DETROIT TIMES

Boston "Despite 15-degree weather
thousands of fashion conscious
Bostonians kept Pontiac dealers' showrooms
filled throughout Introduction Day
even comment on new Spring
key-note enthusiastic approval."

daughter-in-law, Mr. and Mrs. Eric Hartline.

Mr. and Mrs. John R. Crow and children, Mike and Sharon of Miami Springs were the dinner guests of Mrs. P. E. Goodwood and supper guests of Mr. and Mrs. A. B. Crow Sunday.

Mrs. Helen Gysendorfer of Chicago, Ill., who is vacationing at Fort Lauderdale was in South Bay Monday looking after property interests.

John Lee Henderson, infant son of Mr. and Mrs. S. E. Henderson, a patient at the Belle Glade Hospital suffering from intestinal flu and other complications.

Mr. and Mrs. Roy Nelson have moved to Georgia.

Delores, daughter of Mr. and Mrs. Leon H. Willis, is at Avon Park recovering from a tonsillectomy.

Mrs. A. N. Lamoureux and Mrs. F. W. Mutchler, president and delegate of the South Bay Home Demonstration Club attended the dress and apron contest sponsored by J. C. Panny Company under the auspices of the Senior Council on Saturday and entered their cotton dresses and aprons in the contest.

Mr. and Mrs. Ellis Blanchard, son Frederick and Harvey Powers of Tampa were special guests of Mrs. Cora Marlowe. The also visited her sister, Mr. Paul Touchstone and family.

Miss Dorothy Higginbotham of Gainesville was the weekend house guest of her aunt, Mrs. A. B. Barnes.

The South Bay Parent Teacher Association will meet Monday, March 7, at the school auditorium at 8 o'clock in the evening. All parents and teachers are invited to attend and bring their friends.

Mrs. Eric Hartline was called to her former home at Bell Mountain, Ala., last week by the serious illness of her father and a surgical operation on her only brother.

Attorney at Law and Mrs. Harvey Buckley, of Caldwell, Ohio, Rev. and Mrs. Joe Buckley, of Stuart, were recent guests of their cousin, Mrs. Mollie Covell at the Hardy Everglades Tropical and Sub-Tropical Farm at Okeelanta. Rev. Buckley served during the war as chaplain in the army. The two couples were touring the Everglades and expressed themselves as interested and impressed with the growing crops in mid-winter and fine fertility of the muck soil.

Ohio Visitor Returns Home After Visit With South Bay Relatives

C. E. Buckley who has been visiting his sister, Mrs. Mollie Covell, was recalled to his home at Newark, Ohio, last week after a two and half months stay in Okeelanta.

He was impressed with the work being done by Laymon Hardy on his Everglades Tropical and Sub-Tropical Experimental Farm at Okeelanta in which Mrs. Covell takes an active interest and is devoting the larger portion of her time during Laymon's absence at the university to keeping his experiments going.

Mr. Buckley also visited Mr. and Mrs. M. D. Hardy in Miami with Lamon and his friends, Mr. and Mrs. Otto Fernandez.

South Bay Stork Shower

Mrs. Bryant Keen was complimented at a stork shower at the home of Mrs. W. M. Jeffries in South Bay, Friday afternoon. Many lovely gifts from those present and also from many unable to be at the party were received by the honoree.

Waters topped with cottage cheese, cake and grapefruit was served to Mrs. E. M. Willis, Mrs. E. E. Hardy, Mrs. J. C. Sommerlin, Mrs. Melvin Hering, Mrs. Floyd Wilder, Mrs. Robbie Oswald, Mrs. C. L. Scarborough, Mrs. W. M. Jeffries, Mrs. J. E. Henderson, Mrs. Keen, and Mrs. T. E. Westwaters.

Class Enjoys An Evening at Gables

The Adult Training Union enjoyed a party at the South Bay Baptist Church Friday evening. The entertainment committee had worked out a number of stunts and interesting games for the amusement of the group and a delectable refreshments were served.

Those attending were Mr. and Mrs. A. J. Williams, Mr. and Mrs. C. A. Armstrong, Mr. and Mrs. M. J. Hardy, Mrs. A. B. Barnes, Mrs. H. C. Wilcox, Mrs. F. W. Mutchler, Mrs. L. L. Simmons, Mrs. Cy Melloy, Mrs. W. M. Jeffries, Mrs. Emma Best, Mrs. Augusta Best, Mrs. E. E. Hardy, Mrs. A. N. La-

moreaux, W. C. Allen and Rev. B. A. Oswald.

Rear Tire Blowout Caused Death of an Ohio Tourist

A rear tire blow-out on a Miami car, Saturday, caused the death of one occupant of the car and minor injuries to two other adults.

Anabelle Herchik, of 858 E. Lucius St., Youngstown, Ohio, was killed. The car evidently struck her as her chest was badly crushed according to high-way Patrolman Valton Sheffield who investigated the accident.

Joseph Pepie, driver of the car, residing at 912 S. W. 34th St., Miami, suffered head lacerations and suffered from shock. Her baby was not hurt.

The body was taken to the funeral home at Pahokee after having been released by Coroner George A. Williams. The accident occurred about 11:30 a.m., on Highway No. 27 about 24 miles south of South Bay.

Legion Post To Soon Start Work on Hall In South Bay Village

The South Bay American Legion Post No. 161 staged a very successful barbecue dinner on Washington's birthday and realized a net sum of approximately \$1800.00 which was added to their building fund and plans are now being matured to start the building in the near future.

Five hogs and a beef were barbecued by Hub Bolton, of Lake Harbor, assisted by a crew of local Legionnaires. O'Neal Walker, finance chairman, estimated that they served 1000 plates. People "were present from all over the Glades, he states, and many sent the event on the grounds who did not partake of the barbecue dinner.

Bingo was played during the evening and many very nice prizes were awarded to the players.

Mormon Women's Club Spent Afternoon in Making Altar Cloths

The Woman Relief Society of the Church of Latter Day Saints met Tuesday afternoon at the home of Mrs. Julius Herring at Hooker's Point.

The members spent the afternoon making sacrament cloths and mending children's garments for the needy.

Refreshments were served by the hostess to Mrs. Elsie Wiggins, Mrs. H. B. Walker, Mrs. Lina Byrd, Mrs. Ethel Davis, Mrs. Leonard Roberts, Mrs. Thelma Mencil and three children, Elsie Roberts, Dawn Willis and Neil Walker.

LIONS HEAR FINE
(Continued From Page 1)
of Melbourne. It all went to make up one of the finest parties ever held by the club for such occasions.

One of the features of the evening, was the auctioning off of a lovely yellow rose, grown in the W. P. Risk's gardens, which was finally awarded to Mrs. C. W. McDonald, our woman park director, when the bid had reached the \$66.00 mark. It was a horse race wheelbarrow, with M. L. Keen as its bidder, or Belle Glade, with many bidders, would get the trophy.

Tail twisters were busy all through the evening and Ray Whitlock's collection for the March of Dimes campaign was a generous one, which will aid materially in bringing donations up to the assigned quota.

One only needed to hear the guest speaker of the evening to determine why he holds such an important position in International Lionism, for his address was pertinent and impressive, and contained many new items of interest in the present work of the great Lion organization.

In his opening remarks, Mr. McNulty, paid compliment to West Palm Beach County as an agricultural locality, and stated that it was the fourth county in the state in the payment of taxes into the state treasury, as well as high in paying income taxes to the Federal Government.

He cited that the past week had been observed throughout Lionism as Rededication week, with thousands of gatherings being held for that purpose. That Lion's objective was to provide better citizenship and better local, county and state government.

Lionism is growing at a phenomenal rate throughout the world, and more than 400,000 now wear the "L" pin. Florida now has 120 clubs, with new clubs in Miami, Stuart, Delray in this section. On Founders week, held the second week in February, 25,000 new members were added to the rolls.
